

REMARKS

The need to amend the specification was identified by the Official Action of August 17, 2005 (Notice of Drawing Inconsistency with Specification).

The required corresponding change in the specification is made herewith.

It is noted that page 34 of the specification had discussed that Figure 22 was a view of the eighth embodiment of the invention.

As the propriety of this change under the provisions of Rule 312 seems to be unquestionable, entry of the present amendment is believed clearly to be in order and the same is respectfully requested.

In view of the present amendment and the foregoing remarks, therefore, it is believed that inconsistency identified by the Official Action has been remedied and the application has been placed in condition for issuance.

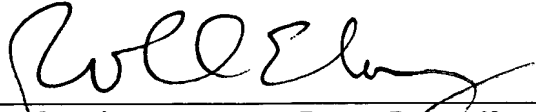

In the event that there are any questions relating to this amendment or to the application in general, it would be appreciated if the Examiner would telephone the undersigned attorney concerning such questions so that the prosecution of this application may be expedited.

The Commissioner is hereby authorized in this, concurrent, and future replies, to charge payment or credit any

overpayment to Deposit Account No. 25-0120 for any additional fees required under 37 C.F.R. § 1.16 or under 37 C.F.R. § 1.17.

Respectfully submitted,
